# HEY WINEMAKER!

---

## **THE GRAPES ARE HAVING A GREAT GROWING SEASON!**

A little about Chile...

Chile is a winemaker's paradise, celebrated for its breathtaking landscapes, exceptional terroir, and vibrant wine styles. Chile's wine regions perfectly balance tradition, innovation, and natural beauty. Known for producing wines with bold flavors, elegant structures, and remarkable value, Chile has become a powerhouse in the global wine market.

A little about South Africa...

South Africa's wine regions benefit from a one-of-a-kind climate and geography that create the perfect conditions for producing premium juices. The influence of the Atlantic and Indian Oceans ensures cool breezes that temper the warm, sunny days, allowing for slow, even ripening of the fruit. The country's varied soil types, including granite, sandstone, and shale, contribute distinct characteristics to the wines.

Give us a call at 877-812-1137 or send us an email at [sales@juicegrape.com](mailto:sales@juicegrape.com) to discuss your winemaking plans for the upcoming season.

**HAVE YOU STARTED YOUR 2026 WINEMAKING WISH LIST YET?**

CHILE HAS CARVED A NICHE FOR ITSELF IN THE INTERNATIONAL WINE MARKET, BY PRODUCING FULL BODIED, SOFT TANNIN WINES WITH A DEEP RED COLOR FOR THE REDS AND A WARM GOLDEN AMBER COLOR FOR THE WHITES. IT IS IN THIS SPIRIT THAT WE OFFER YOU OUR SELECTION OF CHILEAN FRESH GRAPE MUSTS. THESE FRESH GRAPE MUSTS ARE FROM THE SAN FERNANDO REGION OF THE COLCHAGUA PROVINCE.

THE CLIMATE IS WARM WITH GENERALLY LOW RAINFALL MAKING IRRIGATION FROM THE MURRAY RIVER SYSTEM ESSENTIAL. THE CLIMATE IS ONE OF THE STRENGTHS OF THE REGION BECAUSE IT IS CONTINENTAL. THE LONG SUNNY DAYS ENSURE THE FULL RIPENING OF THE FRUIT, THE COOLER NIGHTS DEVELOP AROMAS WITH NATURAL ACID RETENTION AND LOW RELATIVE HUMIDITY LEADS TO A LOW INCIDENCE OF DISEASE.
